Notes

1/ The General Assembly, in paragraph 4 of its resolution 47/67 of 14 December 1992, decided that items 3, 4 and 5 should be considered, taking into account the concerns of all countries, particularly those of developing countries, and through working groups of the Legal Subcommittee.

2/ The General Assembly, in paragraph 6 of its resolution 47/67, endorsed the recommendations of the Committee on the Peaceful Uses of Outer Space concerning the organization of work in the Legal Subcommittee. In particular, the Committee, in paragraph 152 of its report (Official Records of the General Assembly, Forty-seventh Session, Supplement No. 20 (A/47/20)), recalled its recommendation that the Legal Subcommittee, on a permanent basis, should rotate each year the order of consideration of substantive agenda items.

3/ In accordance with established practice, some time in the first part of the session should be allocated for a general exchange of views.

4/ It is suggested that, instead of this formal meeting, informal consultations among interested delegations should be held.
